TESTIMONIES

" Recruiting French-speaking staff is not an easy task in the United States. This forum is a unique opportunity to show young students that the opportunities are real. It is essential to promote the study of the French language today in order to hope to be able to find applicants tomorrow."

Dominique Perrier, General Manager of FCMD North America

"In addition to being able to recruit a bilingual English / French employee, we had the opportunity to meet multiple local players who have in common the use of French as a business language. This event, across multiple platforms, allowed us to expand our network and participate in the promotion of the French language as a formidable asset in the United States and internationally."

Nicolas Menier, Sales Operation Manager at the San Diego French-American Chamber of Commerce
